*Stand Together*

Dear Friends of Dan Thomas,

Dan was a beloved friend, senior trainer for Sensorimotor Psychotherapy Institute, and mentor to our students throughout the world.

We want to thank him by supporting his wife Robin, in the months to come by helping with living expenses and the medical costs incurred over the last several months of Dan's life. If you can, please send your support. In return, we will send you an 8x11 print of the picture (picture size is 3x8) on the top of this note, painted and donated to this cause by Dan's good friend, Dan Pullen.

Thank you for your kindness, prayers and support,

Pat Ogden and the Sensorimotor Psychotherapy Institute
